

## The Riley Safety Store at Riley Hospital for Children

Located in the Riley Hospital Outpatient Center  
inside the Over the Rainbow Gift Shop.

For more information about a Riley Safety  
Store in your area, call  
1-888-365-2022 (toll-free)  
[www.rileyhospital.org/kids1st](http://www.rileyhospital.org/kids1st)

We can answer your questions.

### How do I know which safety products are best for my child?

Riley Safety Store staff will assess your needs for home and travel and help you identify and select products for your family's safety.

### What if I don't know how a safety product is used?

Staff will show you how to use the safety products you select and will answer any questions you may have. Staff may also recommend other safety products for your family's needs.

### Can someone answer my questions about child safety?

Child safety is our expertise. Staff will answer any questions your family has about general child safety and provide resources for you to take home.

### How do I get to the Riley Safety Store?

INDIANA UNIVERSITY

Growing up safe.

## The Riley Safety Store

at Riley Hospital for Children

Growing up safe,  
one child at a time.

## Child safety is our priority.

As Indiana's only comprehensive children's hospital, we are a resource to all families. Riley Hospital for Children recognizes that parenting is not always easy. Making sure that your child's world is safe can be a full-time job.

Keeping your child safe every day is important to his growth and development. Unintentional injuries are the leading cause of death for children ages 14 and under. Most of these injuries can be easily prevented through education and the proper use of child safety equipment.

That's why we introduced the Riley Safety Store.

## Welcome to the Riley Safety Store.

The Riley Safety Store offers low-cost child safety products and injury prevention education to both Riley Hospital families and all families from throughout Indiana. The Riley Safety Store provides an environment where parents feel comfortable to shop, learn, and ask questions about their child's safety, all under the roof of a children's hospital.

At Riley Hospital for Children, we believe that every child deserves a chance to grow up to lead safe and healthy lives. That's why the Riley Safety Store is the first of its kind in the nation to serve the needs of *all* children, including children with disabilities or health care needs.

If you have a child with a disability or a health care need, ask the Riley Safety Store staff about available products and programs designed specifically to help keep your child safe.

## How may we help you?

The Riley Safety Store offers a variety of child safety products at low cost for all children, including:

- smoke detectors
- bike helmets
- cabinet locks
- appliance locks
- bath water thermometers
- tub spout covers
- baby safety gates
- window cord wraps
- gun locks
- flashlights
- fire smothering blankets

The Riley Safety Store staff is trained to teach you and your family how to properly use and maintain safety products and practice child safety. The staff is also ready to answer any questions you may have about what you can do to prevent child injuries.
